Please check the activities listed below in which you would like to participate. Our Volunteer Coordinator will contact you as help is needed in the various areas you check. Our FFL volunteers are invaluable to the organization. We appreciate anything you can do to help.

If you have suggestions for future classes now, we would like to know about them:

FFL Curriculum Committee

The FFL Curriculum Committee is made up of volunteers just like yourself who take the suggestions from FFL members or make suggestions themselves for classes, contact or find suggested presenters, follow up on details, pull it all together on a Course Information Sheet (CIS), confirm dates and times, and pass the sheets on to the Chairperson for approval by the FFL Board.

Helping each other, we put together the classes that we all enjoy. Your part might be just one or two contacts--on the subjects that particularly interest you. In other words, you won't have to do it all yourself. You'll be part of a lively group. Would you like to join us?
