Polishing of amalgam and composite restoration and use of high speed handpiece for orthodontic cement available upon request, but can only occur if a minimum number of students express interest.

*Students are required to bring disposable supplies from employing dental office. A list of supplies will be provided the first night of class.

UNIQUE REGISTRATION REQUIREMENTS:

All students must provide proof of the following upon registration:
1. Passing a Fundamental of Dental Assisting course
2. Six months full time employment in a dental office

COURSE TEXTBOOK(S):

The course manuals are included in cost of the course and will be provided to the student on the first night of class.

CLINICAL FINAL EXAM:

Students will be required to schedule in their office: 2 coronal polish patients and the 6 sealant patients during their regular work hours. Instructor will go to office for evaluations with student’s dentist evaluating the clinical final. THIS DATE/TIME SHOULD BE SET BETWEEN STUDENT AND INSTRUCTOR. PLEASE DO NOT SCHEDULE THIS WITHOUT COORDINATING SCHEDULES WITH THE INSTRUCTOR.

COURSE DAYS/HOURS:

See current catalog or receipt for classes occurring on campus. The clinical final exams are scheduled individually with the course instructor during class.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES:

Reasonable accommodations can be made for those who have a documented disability, which may affect their performance in class. Unless we receive written notification from the Center for Students with Disabilities at 282-3599 within one week after the beginning of class, we may not be able to assist in a timely and appropriate manner. The center can provide specific information on procedures.
