# Welcome to our Summer Catalog!

Dear Learners and Community Members,

Summer is Calling—Are You Ready?

As summertime approaches, I'm reminded of a song I learned as a child:

"What do you do in the summertime, when all the world is green? Do you fish in a stream, or lazily dream... Is that what you do? So do I!"

It's a simple question that invites a little dreaming. For some, summer is for slowing down and soaking up the sun. For others, it's the perfect window to try something new, build a skill, or finally tackle that goal you've been putting off all year.

While some are settling in for a "summer snooze," here at CEWT, we're cranking up the heat!

In our summer catalog, you will find opportunities to invest in yourself by earning a new certification, sharpening your technical skills, or charting a new career. Our programs are intentionally designed to be practical, flexible, and responsive to the needs of our local industries.

From healthcare and safety to business and tech, our summer catalog is built for real-world results.

So... what will you do this summer?

We hope you'll join us.

All the Best,  
-Raelyn Price, Director, Continuing Education and Workforce Training

## HEALTH AND WELL-BEING

### Mental Health First Aid #1788

Just as CPR helps you assist an individual having a heart attack, Mental Health First Aid helps you assist someone experiencing a mental health or substance use challenge. In this 8-hour course, taught by a nationally certified Mental Health First Aid instructor, you will learn risk factors and warning signs for mental health and addiction concerns, strategies for how to help someone in both crisis and non-crisis situations, and where to turn for help. Learn about recovery and resiliency – the belief that individuals experiencing these challenges can and do get better, and use their strengths to stay well. Participants will receive an official Mental Health First Aid certificate.

Please call 208-282-3372 for information on scheduling classes. Hours: 8 classroom hours (+ 30-minute lunch break for full day classes)

## APPRENTICESHIP PROGRAMS AT ISU

### The Inside Track to Journeyman

An apprenticeship education is a combination of on-the-job training and related classroom instruction providing the practical and theoretical aspects of a highly skilled occupation. Those four-year programs build concept upon concept, year after year, preparing the student for the journeyman exam required by the State of Idaho. It's an efficient and practical way to build the foundation for an in-demand and satisfying career.

### Flexible Blended Learning Programs

The electrical, plumbing, and HVAC apprenticeship programs participate in the new blended curriculum at ISU Continuing Education Workforce Training (CEWT).

Blended classes are a combination of traditional instructor-led classes and online self-directed coursework. Blended classes give continuous access to assignments, allowing for more mobility and flexibility during the on-the-job training portion of the apprenticeship. For example, in addition to the blended classwork, the lectures are also streamed live so that students who cannot make it to classroom sessions can still participate in the live lecture. All coursework for the blended classes will be offered online on the Moodle platform, making it easy for students to track their progress. College credits are available when all program criteria are met. Contact us to learn more!

Idaho State University's Apprenticeship Program is supported by the United States Department of Labor. A total of \$51,308, or 28.5 percent, of the program is financed with federal funds, and \$104,915, or 71.5 percent, is funded by other sources.

### Earn as You Learn.

#### Apprenticeship programs in Electrical, Plumbing and HVAC

Apprentices in our four-year programs learn to build real-world, career defining skills through **on the job training**— while earning wages, college credits, and the know-how to become licensed a journeyman. **Don't just dream about your future... Make it!**

## Policies and Procedures

**Enrollment Deadlines:** Registration is not complete until fees are paid. Unless otherwise noted, registration is open until each class is filled or until two (2) days prior to the class start date. Complete registrations are accepted on a first-come, first-served basis. Make check payable to ISU.

**Class Cancellations/Refunds:** If a class is cancelled by ISU CEWT, a full refund will be issued. If a class is dropped by a student, it must be done at least two days prior to the class start date to receive a full refund less a \$15 processing fee. If a two-day notice is not given, no refund will be issued.

**Snow Policies and School Closures:** If the university is closed during the day because of bad weather or some other emergency, our night classes are also canceled. We will make every attempt to reschedule classes for students. In the event that ISU is not closed and the weather is inclement, use your best judgment. If in doubt, call 208-282-3372.

**AA/EEOC:** Idaho State University subscribes to the principles and laws of the State of Idaho and the federal government, including applicable executive orders pertaining to civil rights.
